Gladiolus Bulbs

Brightside Gladiolus Farms

R. 3, Albert Lea, Minnesota

Farm 2 miles N. W. Glenville, Minn.

Minnesota grown gladiolus bulbs, like Minnesota grown seed potatoes, have extra strength and vitality and are yearly increasing in favor with critical growers. Southern growers of early potatoes secure their seed stocks from Minnesota, many florists are learning that the soil and climate of Minnesota also produces gladiolus bulbs of exceptional merit. Many growers secure their planting stock here because of unusually high vitality and strength in the smaller size bulbs grown in this locality.

Our gladiolus farms are well suited for the purpose. Sufficient ground is available for proper rotation so that bulbs are not planted in the same fields in successive years. Planting stock is always treated with organic mercury compounds to prevent disease. Bulbs are planted, cultivated and dug with modern machinery, and all operations are performed with the aim to produce the best possible bulbs at as low a cost as is consistent with quality. Our storage cellars are arranged to control both temperature and humidity so that bulbs are full of life and ready to grow in the spring or winter when planted.

Some varieties and sizes have been omitted from this list because early orders have exhausted the stock. In addition to the varieties listed herein, we have small stocks of about 500 other varieties on which we will be pleased to quote you, if you will send us names and amounts of varieties desired.

Prices quoted are subject to prior sale. No charge for packing. In ordering bulbs sent by parcel post add sufficient for postage. Prices shown on bulbs are per 1,000; on bulblets, per quart. 100 bulbs or more at the 1,000 rate; one pint of bulblets at quart rate. For smaller quantities add 10%. Special prices will be quoted on large quantities.

DAHLIAS

Our dahlias are good plump divisions, true to name and are all good cut flower varieties. Prices are per 100, 10 or more sold at 100 rate.

A. D. LAVONI, Bright pink and a very good bloomer although not as large as the other varieties listed. Per 100, \$6.00.

IDA VAN, Very large early lavender pink. Very good stems. Per 100, \$15.00.

JEAN KERR, Large white, early and very free bloomer. Good stems and good keeper. Per 100, \$15.00.

LA GROSS BETTE, Large glowing red. Midseason, long stems, free blooming and good keeper. Per 100, \$20.00.

ROYAL PURPLE, Medium size, clear purple, early and very free blooming. Per 100, \$8.00.

SUNBEAM, Large late red flecked with yellow, a very beautiful combination. Per 100, \$8.00.

PEONIES

Our peonies are strong 3 to 5 eye divisions and true to name. All varieties listed \$20.00 per 100, 10 or more at 100 rate. We can also furnish peonies in mixture at \$10.00 per 100. These are odd lots of named varieties thrown together.

FESTIVA MAXIMA, Large medium early white. The standard commercial white.

YELLOW TREASURE, Very similar to Festiva Maxima but has a slight creaminess.

EDULIS SUPERBA, Bright pink, good size and free bloomer.

ROSA SUPERBA, Light rose pink, late.

Prices for bulbs, sizes 1 to 6 are per 1000;
for bulblets, per quart.
